DEAR FRIEND...

The purpose of the "Schedule of Proposed Environmental Actions" is to provide you with an overview of environmental analyses currently in progress or recently completed in Los Padres National Forest pursuant to the National Environmental Policy Act (NEPA). We hope that this information will help you become involved early in the decision-making process for those projects which might interest or affect you.

The Schedule is issued quarterly (January, April, July, October). Projects are listed by county and by the categories described below. Each description includes a brief explanation and location of the project, current status, the estimated decision date, and the name of the project leader.

For further information regarding specific projects, opportunities for participation, or the availability of documents, please contact the appropriate project leader at the Forest Service office listed under each project. For general information on the environmental analysis process, contact NEPA Coordinator, Jim Turner, in the Forest Supervisor's Office. For all other matters regarding the Schedule, contact Kathy Good in the Public Affairs Office.
